perception and understanding of the issues.

8. To engage students, faculty, and alumni of the college to contribute for social reform and change through constitutional values and by following the democratic principles.

The Context

The MoU is based on one of the objectives of higher education i. e. to create responsible citizens of the nation who contribute to the comprehensive development of society. It also highlights the core values of Higher Education i.e. represented in NAAC manuals as: Contributing to National Development, Fostering Global Competencies Among students, and Inculcating a Value System among students. The sense of accountability towards society must be achieved through different programmes in the college campus that inspire students to be dedicated and responsible citizens of the nation. Students should be taught how to interfere in society around them by having positive activities to reform and develop. Having this context at the back of mind, our institution decides to have an active MoU with MANS, a movement strives for scientific temperament, secularism, rationality, justice, and democratic values. Dr. N. D. Patil founder of Mahatma Phule Shikshan Sanstha and our college is one of the pioneers and founder president of MANS who strives for the objectives and values of MANS which relates us to engage our students to develop different perceptions, values and skills that help them to live rationally, secularly, and with sound maturity throughout their lives. The activities help them to understand the concepts like nation, religion, family, marriage, beliefs, blind beliefs, secularism, and democracy at personal level.

The Practice

1. Training camps and workshops may be organized to train and instruct the students.
2. Training of the students to develop scientific tools like structure of universe, posters, and scientific understandings.

3. Exposition of charlatan, godmen, hypocrites, etc.
4. Removal of matted hair of *Devdasi*.
5. Weekly meetings are organized to discuss different programmes and their administration in the college campus.
6. Guest lectures in collaboration with MANS are organized.
7. Activities to enhance the environmental awareness among students as well as general public such as 'no use of crackers' on Diwali and other festivals. Enlightenment of the society on animal scarification on different village fairs and festivals such as Bakri Eed etc.
8. Every year, in the month of November, Sanvidhan Jagruti Abhiyan (Campaign for Constitutional Enlightenment) is organized.
9. To enlighten the students on addiction "Drink milk, not wine" programme is organized on every 31st December.
10. Participation of the students to enlighten common people regarding Anti-Social Boycott, and Black Magic Act of Maharashtra Government.
11. To participate in different campaigns organized by MANS to enrich the values of peace, cooperation, tolerance, rationality.
12. Training and participation of the students and faculty in different cultural programs like Enlightening songs, street plays, and Ringan Natak etc.
13. Life membership of MANS for faculty and students.
14. Representation of the faculty, alumni and students on different bodies of MANS.
15. Administration of different research projects of government and NGOs in collaboration.
16. Guest lectures on health issues, rationality, eradication of superstitions, constitution, social reformation and reformers, gender equality, social and cultural harmony, spirituality, scientific attitude, science for peace and prosperity, astronomy, myths of astrology are organized in college campus for students.
17. Publication of books, articles, and research papers of the faculty and students in publication of MANS.
18. Organization of Vivek Vahini, Azad Patra, and Vivek Patra in the college to facilitate students to write and to speak their ideas on different stages.

- 19.To engage alumni of the college in extracurricular activities through this MoU.
- 20.To initiate science on wheel program of MANS through organization of programs and to provide practical experience of scientific truths to students.
- 21.To enhance awareness about astronomical events among students.
- 22.To promote awareness in the society about misbelief of astrology through lectures, training programs, and publication of materials.

Evidence of Success

1. Ringan Natak entitled “Socrates Dabholkar Pansare Via Tukaram” is written by Prof. Eknath Patil, faculty of the college, directed by our Alumni Yogesh Kudale, and produced by MANS is staged throughout the country including national levels drama festivals and cities like New Delhi, Indore, Mumbai, Pune, Indore etc. The play is performed at few regional TV channels like Z TV, Saam TV, TV9 Marathi etc.
2. Students of the college prepared different scientific models such as Mangal Yaan of India, Sun Eclipse, and Solar System etc. The students taught high school students and teachers how to develop these models.
3. Students presented street plays, songs, and other cultural programs at youth festivals.
4. Students developed the centres like Vivek Vahini, Azad Patra, Vivek Patra to create different stages for the students to share their views on current matters.
5. Students participate in these activities easily face their interviews at different interviews of Competitive exams.
6. Well known scientist Ashok Sen through his Triveni Trust, Allahabad contributed Rs. 35 Lakhs to ‘Science on Wheel’ programme along with ‘3D mobile planetarium’ which is run by MANS throughout the Maharashtra among school and which is monitored by Dr. Nitin Shinde and other faculty and alumni of the college.
7. A project entitled “Interactive lectures with demonstration to curb superstitious practices” granted by State of Maharashtra (2018-19 and 2019-20) of Rs. 10,00,000/- is administered by Dr. Nitin Shinde as project in-charge.

8. Students and faculty members participated in Ringan Natak, Street Plays, Songs Performance, Debates, editorial boards etc.
9. Faculty members of the college works on Editorial boards of MANS publications including books and magazines. Dr. Nitin Shinde has published 6 books on different themes and works on editorial board of the magazine. Dr. S. A. Kamble has published two book entitled "Bond of Chemistry with Human" and "Boosters of Human Development" which deal with the themes of scientific temperament. Dr. Pramod Ganganmale works as co-editor of 'Thought and Action' and 'Vivek Jagar' journals of MANS. Faculty members contribute articles on various themes in these magazines.

Problems Encountered and Resources Required

At the initial stage, students were not ready to participate in such activities as they are opposed by the family members and forced to concentrate on study only. College organized extra communication sessions with students to turn their minds to participate in such activities that make them responsible individuals with rationality, tolerance, and other values that helped them become mature individuals in family and society.

Resources to run the practices like classrooms, adequate space for meetings, economic resources to organize the activities are a few other problems that encounter however the faculty of the college assist economical support to run the activities.

Participation of the girl students in matter of eradication of superstition was low as it is hard to inculcate critical thinking among female minds as they are under influence of male members of the family and society.

Weekly Meetings of Vivek Jagar

Vivek Jagar comprising faculty, students, and alumni of the college meet once in a week to discuss different current issues to have an comprehensive understanding of the matter. These meetings and discussions help students of the college to understand the current issues and to express their views freely. They read books, magazines, and news papers to present their ideas. These meetings have inculcated habits of reading, critical thinking, presentation skills etc. among the Vivek Jagar Manch Members.
